Attorneys for Plaintiff,
ADEL F. SAMAAN, M.D.

UNITED STATES DISTRICT COURT

CENTRAL DISTRICT OF CALIFORNIA, WESTERN DIVISION

ADEL F. SAMAAN, M.D., and individual Plaintiff **vs.** **AETNA LIFE INSURANCE COMPANY**, a health benefits corporation doing business in California; **AETNA LIFE & CASUALTY (BERMUDA) LTD.,** an insurance underwriting corporation doing business in California; and **DOES 1 through 100**; Defendants	**Case No.** 2:17-cv-1690 **COMPLAINT FOR RECOVERY OF BENEFITS UNDER 29 U.S.C. § 1132 (a)(1)(B) AND REASONABLE ATTORNEY'S FEES AND COSTS UNDER 29 U.S.C. § 1132 (g)(1)**

Plaintiff, Adel F. Samaan, alleges as follows:

I. JURISDICTION AND VENUE

1. This Court has subject matter jurisdiction over this action pursuant to 28 U.S.C. § 1331 because the action arises under the laws of the United States, and pursuant to 29 U.S.C. § 1132 (e)(1) because the action seeks to enforce rights under the Employee Retirement Income Security Act ("ERISA"). To the extent this action involves rights, duties and obligations of the parties that do not involve ERISA benefits recovery claims, jurisdiction arises pursuant to 28 U.S.C. §1367 and principles of supplemental jurisdiction, as any such non-ERISA claims are so related

to the ERISA claims in the action that they form a part of the same case and controversy under Article III of the United States Constitution.

2. This Court is the proper venue for the action pursuant to 28 U.S.C. § 1391 (b) because a substantial part of the events or omissions giving rise to the claims alleged herein occurred in this Judicial District, and pursuant to 29 U.S.C. § 1132 (e) (2) because this is the Judicial District where the breaches took place, and because the defendants conduct a substantial amount of business in this Judicial District.

II. THE PARTIES

A. The Plaintiff

3. Plaintiff Adel F. Samaan, M.D. is an individual doing business as a medical doctor in the County of Los Angeles, State of California. Dr. Samaan's primary area of medical practice is as a surgeon in the field of gynecology.

B. The Aetna Defendants

4. Plaintiff is informed and believes that Aetna Life Insurance Company ("Aetna Life") is a health benefits corporation operating in the County of Los Angeles, State of California, and that Aetna Life & Casualty (Bermuda) Ltd. ("Aetna Bermuda") is an insurance underwriting corporation doing business in the County of Los Angeles, State of California. Aetna Life and Aetna Bermuda will sometimes for convenience hereinafter collectively be referred to as "Aetna" or the "Aetna Defendants."

5. The Aetna Defendants serve as the claims administrators and/or the insurance plan underwriters of employee health benefit plans covered by ERISA (hereinafter referred to as "ERISA Plans" or a "Plan" or "Plans") that provide, among other benefits, reimbursement for medical expenses incurred by individual Plan participants and beneficiaries covered under the Plans. Plaintiff is informed and believes that the Aetna Defendants perform their claims handling services for a multitude of ERISA Plans, some of which are self-funded, and some of which are funded by an Aetna Defendant acting in its capacity as the insurance underwriter for

the Plan. Dr. Samaan is informed and believes that it is the responsibility of the Aetna Defendants, as the claims administrators for each and all of the ERISA Plans involved in this case, to decide which healthcare benefits claims will be paid under the Plan; how much will be paid; and which benefits claims will not be paid - - and thereafter to pay benefits to claimants such as Dr. Samaan directly out of ERISA Plan assets that are within the unfettered control of the Aetna Defendants in the ordinary course of business. In simple terms, Dr. Samaan alleges on information and belief that it was the Aetna Defendants, and not the ERISA Plans themselves, that had the responsibility and actual control to make benefits determinations for the healthcare services claims of Dr. Samaan that give rise to this benefits recovery action.

6. Plaintiff is informed and believes that the Aetna Defendants carry out services and functions as healthcare benefits claim administrators. Acting with respect to members and their dependents insured either under ERISA Plans or insured through insurance otherwise provided by the Aetna Defendants during the period 2012 through 2016, the Aetna Defendants reviewed and evaluated Plaintiff's benefits claims.

7. Dr. Samaan does not bring this suit against the ERISA Plans for whom the Aetna Defendants acted as administrator or insurer in connection with Dr. Samaan's claims. Plaintiff is informed and believes that the Aetna Defendants, and not the ERISA Plans, exercised actual control over the determination and payment of benefit claims submitted by Dr. Samaan. Plaintiff is further informed and believes that, with respect to the claims in this action, the Aetna Defendants acted as claim review fiduciaries, either as a third party administrator of a self funded employer-sponsored group health benefit plan, or as an insurer of such an employer-sponsored ERISA Plan.

8. As is discussed later in this Complaint, Dr. Samaan alleges and contends that the Aetna Defendants acted in an arbitrary and capricious manner by underpricing, undervaluing, underpaying or entirely failing to pay the benefits claims

submitted by Dr. Samaan.

C. The Doe Defendants

9. The true names and capacities of the Defendants sued herein as DOES are unknown to Plaintiff at this time, and Plaintiff therefore sues such Defendants by fictitious names. Plaintiff is informed and believes that the DOES are those individuals, corporations and/or businesses or other entities that are also in some fashion legally responsible for the actions, events and circumstances complained of herein, and may be financially responsible to Plaintiff for services, as alleged herein. The Complaint will be amended to allege the DOES' true names and capacities when they have been ascertained.

III. CORE FACTS UNDERLYING DR. SAMAAN'S CLAIMS FOR PAYMENT

10. Dr. Samaan has provided healthcare services to ERISA Plan members and their dependents on numerous occasions where the subject ERISA Plan is administered and/or underwritten by an Aetna Defendant. For some Plan members and dependents Dr. Samaan has provided healthcare services on more than one occasion.

11. Some of the healthcare services events which are the subject of benefits claims were carried out in connection with a healthcare benefits plan issued by defendant Aetna Bermuda to the Cultural Mission of the Royal Embassy of Saudi Arabia (the "Saudi Mission Plan"). The Saudi Mission Plan is a group insurance plan underwritten and administered by Aetna Bermuda which provides health insurance benefits of the highest quality to foreign national students of Saudi Arabia who are studying in the United States or other countries under the auspices of the Cultural Mission of the Royal Embassy of Saudi Arabia. Under the terms of the Saudi Mission Plan, students and their dependents are entitled to receive 100% insurance coverage for their covered medical services needs, with no deductible or copay requirements. This 100% coverage applies irrespective of whether the medical services are provided

by an Aetna "in-network" provider or by an "out-of-network" provider such as Plaintiff.

12. Other healthcare services events which are the subject of benefits claims were carried out in connection with healthcare benefits plans issued or administered by Aetna Life for and on behalf of employer entities other than the Cultural Mission of the Royal Embassy of Saudi Arabia. These ERISA Plans typically have some deductible or copay obligation to be paid by the Plan members and dependents, and typically pay an out-of-network provider such as Dr. Samaan something less than 100% of Dr. Samaan's billing amounts. The deductible and copay requirements, and the percentage payable to an out-of-network provider, are typically set forth in the ERISA Plan documents themselves.

13. When Plan members and/or their dependents came to Dr. Samaan for medical services they would present medical insurance cards in the name of "Aetna", and the relevant insurance contact information on each medical insurance card would direct Dr. Samaan to Aetna office locations and telephone numbers.

14. As a condition to the provision of services by Plaintiff, each patient was required to sign an agreement assigning his or her ERISA Plan rights and benefits to Plaintiff in their entirety. Each such assignment of benefits would provide for Plaintiff to be paid directly for the services provided to the patient, and Plaintiff has received a written assignment of benefits in connection with every outstanding benefits claim event at issue in this action. The assignment agreement would designate Plaintiff in such manner that Plaintiff would stand in the shoes of the members/patients to seek, claim and obtain anything that the member/patient would have been entitled to receive under the applicable healthcare coverage administered and/or underwritten by the Aetna Defendants. A true and correct copy of Dr. Samaan's assignment agreement is attached hereto as Exhibit A.

15. For each claim event at issue in this case, Dr. Samaan's custom and practice was to contact an Aetna entity representative by telephone for benefit

eligibility confirmation and member coverage verification prior to performing any healthcare services. The regular practice was that Dr. Samaan's office personnel and the Aetna representative would discuss the proposed surgery event by telephone in advance of the services being performed, and in each such telephone communication the Aetna entity representative would advise Dr. Samaan's representative that coverage existed for the patient and that benefits were properly payable to Dr. Samaan as an "out-of-network" provider. The following sets forth in summary form the substance of the telephonic communications between Dr. Samaan's representative and the Aetna entity representative which occurred prior to services being performed in connection with Dr. Samaan's claims asserted in this case.

(a) For each claim event, Dr. Samaan's representative would call the Aetna claim office on the Aetna toll free line set forth on the member identification card presented by the patient.

(b) The answering party would identify himself or herself as a representative of an Aetna entity, thereby confirming to Plaintiff that the communication was with the authorized claims administrator for the Plan.

(c) Dr. Samaan was an "out-of-network" provider to the Plan, and accordingly was calling Aetna in advance of performing services to ensure in each instance that he would be paid for his services by an Aetna entity involved in the claim event.

(d) In each claim call, Plaintiff's representative would advise the Aetna entity representative of the identity of the Plan member or dependent; the CPT code for the surgical procedure to be performed (the CPT code is the medical procedure descriptive identifier; CPT means "Current Procedural Terminology"); and that the purpose of the call was to verify the existence of coverage for the patient and the eligibility of Dr. Samaan for payment of benefits as an out-of-network service provider.

(e) The Aetna entity representative would respond by advising Dr. Samaan's representative about the percentage of out-of-network billing covered under the Plan (typically between 50% and 100%); the amount of patient deductible; and whether benefits would in fact be payable to Dr. Samaan based on the CPT code provided. The Aetna entity representative would also advise Plaintiff whether specific pre-authorization for the proposed surgical procedure was required. At no time was Dr. Samaan ever advised by any Aetna entity representative that he was not eligible to receive benefits for the proposed surgical event in question on the basis of an "anti-assignment" clause in Plan documents or on any other grounding which might disqualify Samaan as a rightful and proper recipient of Plan benefits.

(f) After the Aetna entity representative verified that the specified treatment was covered and that Dr. Samaan as an out-of-network provider was eligible for payment, Plaintiff would perform the procedure for which verification was obtained.

16. Dr. Samaan relied and reasonably relied on the Aetna entity telephonic representations: (a) by providing medical services to the individual patient(s) in response to the Aetna entity statements about his eligibility to receive benefits; and (b) by providing medical services to other Plan members and their dependents on an ongoing basis in reliance upon the Aetna entity repeated representations that the patients were covered and that Dr. Samaan was eligible to receive out-of-network benefits on the benefits payment formulations as stated. But for the advance representations of the Aetna entity in setting out the applicable benefits payment formulations, Dr. Samaan would not have provided, or continued to provide, medical services to Plan members and dependents for Plans issued or administered by the Aetna Defendants.

///

17. Dr. Samaan has billed the Aetna Defendants for services rendered to Plan members and their dependents in connection with each of the claim events at issue in this case. By way of his patient assignments, Dr. Samaan stands in the shoes of his patients where benefits claims are concerned.

18. In connection with each of the claims where services were provided, Dr. Samaan's billings submitted to the Aetna Defendants set forth the date of the service, the nature of the services rendered, the identity of the insured member and/or dependent, the patient date of birth, and the applicable Plan ID number. Each of Dr. Samaan's claim billings set forth all requisite information in standard form terminology with sufficient detail to enable the Aetna Defendants to consider and pay the claim in the ordinary course of business.

19. The charges for healthcare services submitted by Dr. Samaan to the Aetna Defendants were in all instances usual, customary and reasonable, and in accord with Dr. Samaan's charges to non-Medicare patients insured by companies other than Aetna. Dr. Samaan's charges for services submitted to the Aetna Defendants were also in accord with the charges of other medical service providers in the community having similar training or expertise as Dr. Samaan; operating in the same geographic area as Dr. Samaan; and providing healthcare services and facilities comparable to those provided by Dr. Samaan.

20. As discussed hereinbelow, the Aetna Defendants have abused their discretion and acted in an arbitrary and capricious manner by failing and refusing to honor and pay Dr. Samaan's claims in accordance with ERISA requirements, practices and provisions, and Dr. Samaan has suffered resulting damages in an amount to be proven at trial. Exhibit B to this complaint is a summary listing of the benefits claims for which Plaintiff seeks recovery in this action.[1] The summary claim

---

[1] Plaintiff is still performing services for members/dependents of ERISA Plans administered by Aetna, and the summary listing attached hereto will be supplemented and updated to set forth Plaintiff's full and final claim events listing at such time as a

listing prepared as of the date of filing of this complaint (with patient names deleted for privacy purposes) is as follows:

Exhibit B: Summary listing for Aetna - - 166 claim events, with aggregate amounts billed of $554,741.90 and aggregate amounts paid of $110,544.04, plus a refund request of $5,090.95.

IV. USUAL, CUSTOMARY AND REASONABLE RATE FOR HEALTHCARE SERVICES RENDERED ("UCR")

21. As an "out-of-network" healthcare services provider, Dr. Samaan is entitled to receive payment of insurance benefits under each and all of the Plans in this case which were underwritten and/or administered by the Aetna Defendants. One of the reasons why Dr. Samaan contacted an Aetna entity representative by telephone prior to performing his services was to verify in advance that an out-of-network provider such as Dr. Samaan was indeed eligible to receive benefits for services to be performed under each Plan, and in response to each such communication the Aetna entity represented that out-of-network benefits were payable.

22. Plaintiff is informed and believes that the standard practice in the healthcare insurance industry is that ERISA Plan members and/or beneficiaries are typically free to decide whether they would prefer to utilize an out-of-network provider or an in-network provider for their healthcare needs. The standard practice in the healthcare industry is that an out-of-network service provider such as Dr. Samaan would expect to receive something less than his full billing rate if the actual rates charged by the service provider are higher than the "usual, customary and reasonable" ("UCR") rate charged by other comparable professionals for the same or similar services in the provider's local community. In the event that Dr. Samaan's billing rate exceeded the UCR rate, a Plan administrator would have a proper basis to apply the lower of actual billed charge amounts or UCR charge amounts for the same

---

complete listing is compiled and verified as of the date of trial.

or similar services. However, with respect to the benefits claims at issue in this litigation, Dr. Samaan's actual charges billed are one and the same as, or lower than, the usual, customary and reasonable rates charged by comparable physicians in the geographic area serviced by Dr. Samaan. Accordingly, with respect to Dr. Samaan's claims, there should have been no "repricing" or "UCR rate reduction" where benefit claims were concerned. There is no legitimate basis for repricing to the lower of actual charges or UCR where actual charges and UCR are one and the same, or where actual charges are lower than UCR, and to the extent that the Aetna Defendants undertook to "reprice" Dr. Samaan's claims to comport with illegitimately low or fictional UCR rates, the repricing by the Aetna Defendants was arbitrary and capricious, and constituted an abuse of discretion by the Aetna Defendants in their role as Plan administrators for the Plans involved in this case.[2]

23. The "percentage recoverable" for each of Dr. Samaan's charges for medical services rendered in this case will vary depending upon the specific terms and provisions of the Plan involved. Some Plans allow for a 50% payment to out-of-network providers; others 60%; others 70%; and others a full 100% after the patient

---

[2/] Any "repricing" of actual charges submitted by a healthcare services provider such as Plaintiff may only be premised upon validly known and computed "UCR" rates for the same or similar services carried out by comparable professionals in the particular geographic area involved. Repricing may not be premised upon some generalize view held by the Plan administrator about what billing rates in the community "should be" or whether the actual charges billed by a services provider are "too high" in some abstract or subjective sense. Repricing of services provider actual charges to UCR involves a comparison of the actual charges of the provider to the actual charges of other providers in the same geographic area to determine whether a particular provider is overcharging as compared to the charges of peers - - and it is an abuse of discretion for a claims administrator to apply some sort of formula, or computer analytical program, or other such criteria for the purpose of bringing medical services provider actual charges into line with amounts that the claims administrator decides it wants to pay, or is willing to pay, or thinks is the "right amount" that should be paid for a particular claim event. A claims administrator has no legitimate right or authority to "reprice" on any such formulaic basis.

deductible and out of pocket cost share requirements (if any) are met. Under standard practice in the health insurance industry, this "percentage recoverable" is supposed to be applied by the Aetna Defendants to Plaintiff's billings for medical services on either an "actual charge" or a "usual, customary and reasonable" rate basis, but in the present case Dr. Samaan is informed and believes that the Aetna Defendants did not apply the Plan "percentage recoverable" to either Dr. Samaan's actual charges or to any valid or legitimately computed UCR rate for Dr. Samaan's geographic area. Instead, Dr. Samaan is informed and believes that, in many of the claims at-issue in this case, the Aetna Defendants undertook to "reprice" plaintiff's actual billing amounts in a manner that had no meaningful connection to UCR rates or comparable service providers in Dr. Samaan's community.

V. DR. SAMAAN HAS STANDING TO PURSUE CLAIMS UNDER ERISA FOR PAYMENT OF BENEFITS AND ATTORNEY'S FEES

24. ERISA governs all aspects of health and medical benefits under ERISA Plans, and authorizes a civil action to recover unpaid benefits and attorney's fees.

25. Dr. Samaan has standing to sue under ERISA as an assignee of benefits due to Plan members and their dependents. A member or dependent of a member is expressly empowered by section 1132 (a) of ERISA to sue for denial of benefits, and nothing in ERISA precludes a Plan member or a dependent of a member from validly assigning his or her right to benefits. In the event of such an assignment, the assignee (Dr. Samaan in this case) stands in the shoes of the member or dependent with full standing to sue for benefits.

26. The Aetna Defendants in this action are the proper party defendants in an ERISA benefits recovery action. See, *Harris Trust & Sav. Bank v. Salomon, Smith Barney, Inc.,* 530 U.S. 238, 247 (2000); *Cyr v. Reliance Standard Life Ins. Co.,* 647 F. 3d 1202 (9th Cir. 2011).

///

///

VI. AN "ANTI-ASSIGNMENT" CLAUSE CONTAINED IN THE SAUDI MISSION PLAN PROVIDES NO BASIS FOR DENIAL OF DR. SAMAAN'S CLAIMS

A. Application of the "Anti-Assignment" Provision in the Saudi Mission Plan Is Barred By the "Payment of Benefits" Clause Contained in the Plan Document Itself

27. The Saudi Mission Plan contains an anti-assignment provision which states that benefits under the Plan may be assigned only with the written consent of Aetna. However, the Saudi Mission Plan also contains the following "Payment of Benefits" clause:

> "Payment of Benefits
>
> Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.
>
> All covered health benefits are payable to you. However, Aetna has the right to pay any health benefits to the service provider. This will be done unless you have told Aetna otherwise by the time you file the claim.
>
> Aetna will notify you in writing at the time it receives a claim, when an assignment of benefits to a health care provider or facility will not be accepted." (Emphasis added)

28. Dr. Samaan is informed and believes that no Saudi student has ever instructed Aetna not to pay Dr. Samaan directly, and that no Aetna entity has ever notified any Saudi student that his/her assignment of benefits to Dr. Samaan would not be accepted by Aetna.

B. The Aetna Defendants Have Waived Any Anti-Assignment Clause in Plan Documents and Are Estopped to Assert Any Such Clauses

29. The conduct of the Aetna Defendants as described in this Complaint constitutes waiver of anti-assignment rights by course of conduct and misrepresentation.

30. As described in this Complaint, the Aetna Defendants are estopped from asserting any anti-assignment rights by course of conduct and misrepresentation.

VII. DR. SAMAAN IS DEEMED BY LAW TO HAVE EXHAUSTED ADMINISTRATIVE REMEDIES

31. The applicable claims procedure regulations governing ERISA Plans are set forth in 29 C.F.R. §2560.503.1. This section sets forth the minimum requirements for employee benefit plan procedures pertaining to claims. 29 C.F.R. §2560.503-1 (a).

32. The central obligation set forth in the regulations is that: "Every employee benefit plan shall establish and maintain reasonable procedures governing the filing of benefit claims, notification of benefit determination, and appeal of adverse benefit determination." 29 C.F.R. §2560.503-1 (b). Of particular significance in this case are the regulations dealing with "Manner and Content of Notification of Benefit Determination" set forth in 29 C.F.R. §2560-503-1 (g) (1). That section requires that the plan administrator shall provide a claimant with a written or electronic notification of any adverse benefit determination. The regulations require the following:

> "The notification shall set forth, in a manner calculated to be understood by the claimant –
>
> (i) The specific reason or reasons for the adverse determination;
>
> (ii) reference to the specific plan provisions on which the determination is based;
>
> (iii) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary;
>
> (iv) A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under section 502(a) of the Act following an adverse benefit determination on review."

33. In most cases, these notification requirements were not met in the present action, and the regulations are specific about the consequence of a failure by Aetna to comply with notification requirements. 29 C.F.R. § 2560.503-1 (1) provides:

> "1. Failure to Establish and Follow Reasonable Claims Procedure: In the case of the failure of a plan to establish or follow claims procedures consistent with the requirements of this section, a claimant shall be deemed to have exhausted the administrative remedies available under the plan and shall be entitled to pursue any available remedies under section 502(a) of the Act on the basis that the plan has failed to provide a reasonable claims procedure that would yield a decision on the merits of the claim."

34. Dr. Samaan is deemed by law to have exhausted administrative remedies available to him because the Aetna Defendants failed to establish and follow reasonable claims procedures as required by ERISA. The Aetna Defendants herein have routinely failed to process claims submitted by the Plaintiff in a manner consistent or substantially in compliance with ERISA regulation 29 C.F.R. §2560.503.1. Among other things, the Aetna Defendants:

- failed to set out the specific reasons for underpayment of the Samaan claims in their responses transmitted to Samaan during the administrative review process;
- failed to reference the specific Plan provisions upon which their underpayment determinations were based;
- failed to give a description of any additional material or information which was needed to pursue and perfect the claims, and an explanation of why such information was necessary;
- despite requests by Dr. Samaan, failed to provide Plan documents, or internal rules, guidance, protocols or other criteria upon which the underpayment determinations were based;
- failed to state the underpayment determinations in a manner calculated to be understood by Dr. Samaan;
- failed to provide a reasonable opportunity for full and fair review of the underpayment determinations;
- employed policies designed to unduly hamper the review and appeal of claims submitted by Dr. Samaan;
- acted systematically in a manner which rendered the administrative

appeal process a futile and meaningless endeavor.

VII. THE AETNA DEFENDANTS HAVE VIOLATED THEIR ERISA DUTIES AND RESPONSIBILITIES IN THE FOLLOWING MATERIAL RESPECTS

35. Persons who receive their health insurance through a private employer-sponsored benefit plan are typically participants or beneficiaries of plans governed by ERISA. Sometimes the ERISA Plans are fully insured by health insurers like Aetna, and sometimes they are self funded. In either case, the insurer "network" of healthcare services providers may be available to the ERISA Plans, but the insurers also process and pay benefits claims submitted by out-of-network providers.

36. When the ERISA Plan is administered by Aetna, Aetna is responsible for interpretation and application of the Plan terms, coverage and benefits decisions, appeals of coverage determinations, and processing of payments to benefits claimants such as Plaintiff. The Plan typically will enter into an "administrative services agreement" with its insurer to perform these administrative responsibilities, and Plaintiff is informed and believes that the administrative services agreement will typically delegate to the insurer the authority and responsibility to administer claims and make final benefits decisions based on claim procedures and standards that the insurer develops and utilizes from its own vast experience in claims handling. Plaintiff is informed and believes that, under its contracts, the insurer collects administrative services fees from the ERISA Plans, and has actual control over benefits determinations and the payment of benefits to healthcare services providers such as Plaintiff.

37. The payment procedure for each of Plaintiff's claims typically begins with Plaintiff submitting to Aetna a standard industry billing form (usually form no. 1500). Aetna would then typically respond to the claim by sending a "Provider Explanation of Benefits" form (commonly known as an "EOB") which would set forth an analysis of the claim and the amount to be paid by the insurer. The EOB

form would typically include either codes or narrative remarks which would supposedly explain the difference between the amount billed by Plaintiff and the amount to be paid by Aetna. However, in the present case, the EOBs submitted by Aetna to Plaintiff were woefully deficient in their purported explanations of benefit payment amounts. In practical effect, the EOBs in this case merely served as unintelligible repricing devices which reduced Plaintiff's payment amounts to a small fraction of the amounts billed, on the basis of no valid or descriptive analysis or explanation at all. Among other things, the EOBs were deficient in that Aetna placed reliance on third-party "repricing" companies for purported analysis of UCR charges as a tool to reduce the payment due to the provider.

38. Plaintiff is informed and believes that Aetna utilized repricing companies to perform "repricing" for the benefit of Aetna. These "repricing" entities acted in a coordinated process with Aetna that was specifically designed and implemented to reduce the amounts Aetna would pay in response to medical services provider billing amounts - - irrespective of whether such "repricing" was justified or not. Plaintiff is informed and believes that the repricing entities are in the business of "repricing for profit", and that the core business purpose and central reason for corporate existence of these entities is to collect percentage contingency fee payments from Aetna that directly connect and correlate to the amount of "savings" that the repricing entity is able to generate through the use of their data analytics strategies. Plaintiff is informed and believes that these repricing companies are financially interested parties in the claim "repricing" process and as such are inherently unreliable as service providers tasked with the responsibility of determining proper amounts due to service provider physicians such as Plaintiff. The "repricing" entities carry out their claim reductions in an arbitrary and capricious manner - - indeed, the 60%, 70%, 80% , and even 90% reduction amounts applied by the "repricing" entities to Plaintiff's billings speak for themselves. These self interested entities are untrustworthy and are seeking to impose claim reductions in a manner that bears no meaningful relationship to the

concepts of UCR and proper medical services billing as those concepts are legitimately understood and applied in the medical community and under applicable law. Aetna abused its discretion by placing undue reliance on the "repricing" entities and by utilizing billing reduction strategies premised on Medicare that have no place in a free market, private sector healthcare billing environment.

FIRST CAUSE OF ACTION

Enforcement Under 29 U.S.C. §1132 (a)(1)(B) For Failure to Pay ERISA Plan Benefits and For Recovery of Reasonable Attorney's Fees and Costs Under 29 U.S.C. § 1132 (g)(1)

39. The allegations of the prior paragraphs (paragraphs 1 - 38) of this Complaint are hereby incorporated by reference in this First Cause of Action as if fully set forth at length.

40. This cause of action is alleged by Plaintiff for relief in connection with claims for medical services rendered in connection with a healthcare benefits plans administered by the Aetna Defendants.

41. Dr. Samaan seeks to recover benefits and enforce rights to benefits under 29 U.S.C. §1132 (a)(1)(B); and under 29 U.S.C. 1132 (g)(1) for recovery of reasonable attorney's fees and costs. Dr. Samaan has standing to pursue these claims as the assignee of member benefits. As the assignee of benefits, Plaintiff is a "beneficiary" entitled to collect benefits, and is the "claimant" for purposes of the ERISA statute and regulations. ERISA authorizes actions under 29 U.S.C. § 1132(a)(1)(B) to be brought directly against the Aetna Defendants as the parties with actual control over the benefit and payment determinations with respect to Dr. Samaan's claims.

42. By reason of the foregoing, Dr. Samaan is entitled to recover ERISA benefits due and owing in an amount to be proven at trial, and Dr. Samaan seeks recovery of such benefits by way of the present action.

43. 29 U.S.C. § 1132 (g)(1) authorizes the Court to allow recovery of

reasonable attorney's fees and costs incurred in this action. Dr. Samaan has incurred, and continues to incur, attorney's fees and costs in his pursuit of benefits, and is entitled to recover his reasonable attorney's fees and costs in an amount to be proven at trial.

WHEREFORE, Plaintiff prays for judgment against the Aetna Defendants as follows:

On the First Cause of Action:

1. For damages against the Aetna Defendants in an amount to be proven at trial in connection with the healthcare benefits claims in Exhibit B hereto.

2. For interest at the applicable legal rate.

3. For reasonable attorney's fees and costs in an amount to be proven at trial.

Dated: March 2, 2017

Respectfully submitted,

LYTTON & WILLIAMS LLP

By: /s/ Richard D. Williams
